Docket No. 98N-1265

Food and Drug Administration

5600 Fishers Lane

Rockville, MD. 20857

4875 '99 APR 22 A9:56

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: Pre-measured manufactured
doses of medication do not work for
everyone. My compounded prescription
controls my symptoms, and makes
it possible to function on a much higher
level. It is imperative that I continue
this course of treatment. Stop allowing
large drug companies to control the whole
market. It is not for the good of
the consumer!
